To move up in the ranking system, you need to:

# Matching Bonus System: How It Works

Invite active direct members – people you personally referred who are active.

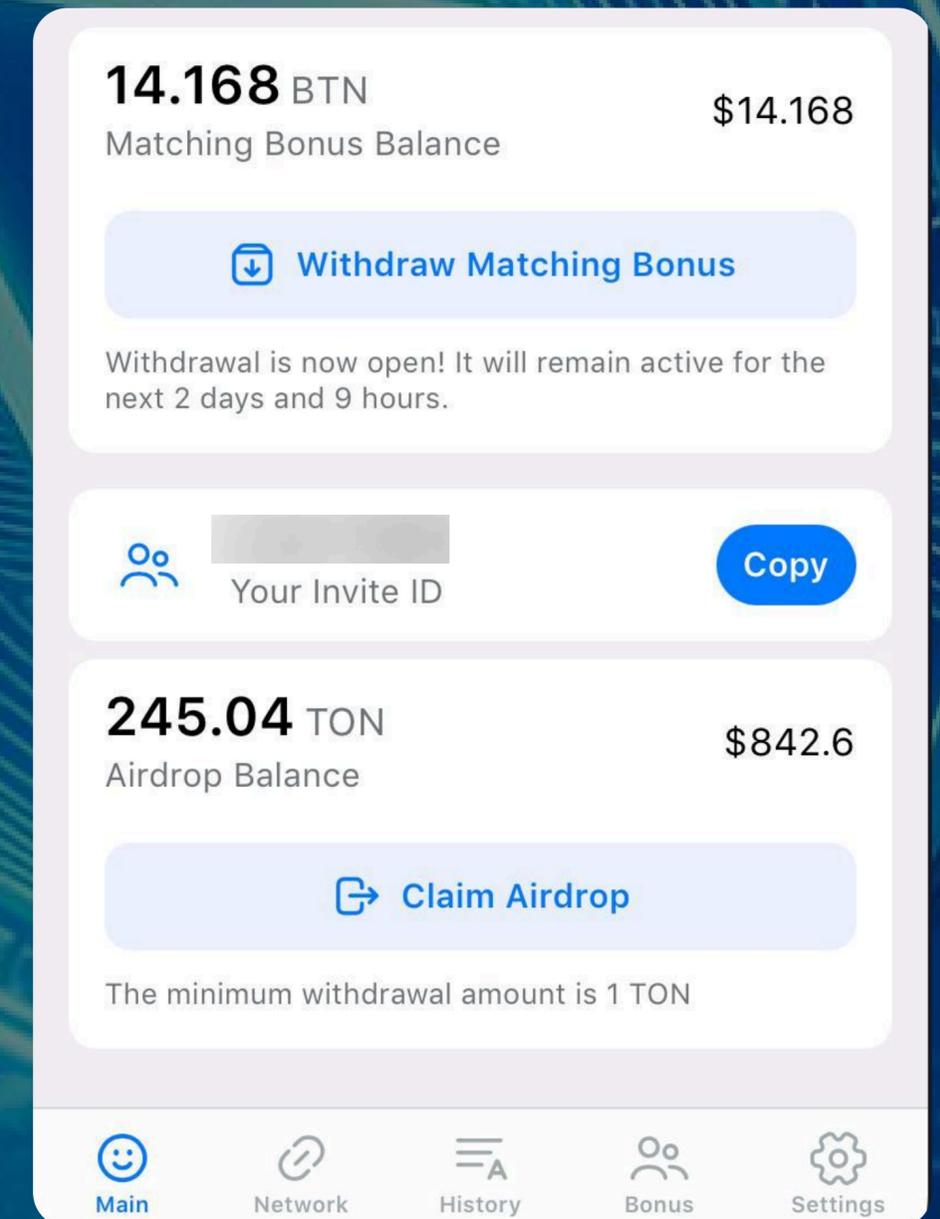

Build an active team – have active users in your structure, up to 15 levels deep.

# Matching Bonus System: How It Works

- **Accrued only on new deposits (from August 15).**
- **Withdrawals are processed only on the Rewards withdrawal day.**
- **Minimum withdrawal amount – equivalent of 1 TON in BTN.**
- **Rewards are credited in BTN tokens.**
- **Withdrawals – in BTN/TON.**

Matching Bonus applies to all staking from August 15. No withdrawal fee for BTN from the Matching Bonus, just like there is no fee for withdrawing rewards in BTN.

The screenshot displays a mobile application interface with a dark blue background and a large, faint circular logo. The interface is divided into several sections:

- Matching Bonus Balance:** Shows 14.168 BTN (equivalent to \$14.168). A button labeled "Withdraw Matching Bonus" is visible, with a sub-note: "Withdrawal is now open! It will remain active for the next 2 days and 9 hours."
- Your Invite ID:** A greyed-out field with a "Copy" button next to it.
- Airdrop Balance:** Shows 245.04 TON (equivalent to \$842.6). A button labeled "Claim Airdrop" is visible, with a sub-note: "The minimum withdrawal amount is 1 TON".

At the bottom, there is a navigation bar with five icons: Main (smiley face), Network (link), History (list), Bonus (person), and Settings (gear).
